

STEPS Proactive Parenting Affiliate Program Overview

STEPS Proactive Parenting Program

AFFILIATE PROGRAM OVERVIEW

PACES for Parents Online Learning Center

<https://www.stepsproactiveparenting.com>

Welcome To STEPS Ministries' Affiliate Program!

The program is free to join. Affiliate programs are common and offer website owners, companies, and organizations an additional way to profit from their effort. Affiliates generate traffic that leads to sales for a variety of products and services, and, in return, receive a commission payment. All of our products offer a generous 40% affiliate split to you.

How Does It Work?

When you join our affiliate program, you will be supplied with an affiliate link you can use on your website or in your emails. When a user clicks on one of your links, they will be brought to our website and their activity will be tracked by our software. You will earn a commission if they purchase one of our products for as long as they are a registered user.

A World of Good

By sharing the word about STEPS Proactive Parenting programs, you'll be helping others to prevent addiction, grow closer to God, and live happier lives. The more you share, the more people hear about the possibility of addiction prevention. We often hear about addiction recovery, but not about prevention. It's time to change that. Will you help?

How Do I Get Started?

You'll click the link provided (see below) and will be directed to a signup screen.

https://www.stepsproactiveparenting.com/affiliate_users/sign_up

The process from there is intuitive and once you're signed up, you'll be able to access your own portal for links to specific products that you may want to promote. It's all up to you. Login 24 hours a day to check your sales, traffic, and account balance. Can you think of a better way to help others, help our ministry, and help yourself at the same time?

***It's Time to say "Time Out" to Addiction
and "Game On" to Addiction Prevention.
Join us as we run for the WIN!***

A Little More about PACES

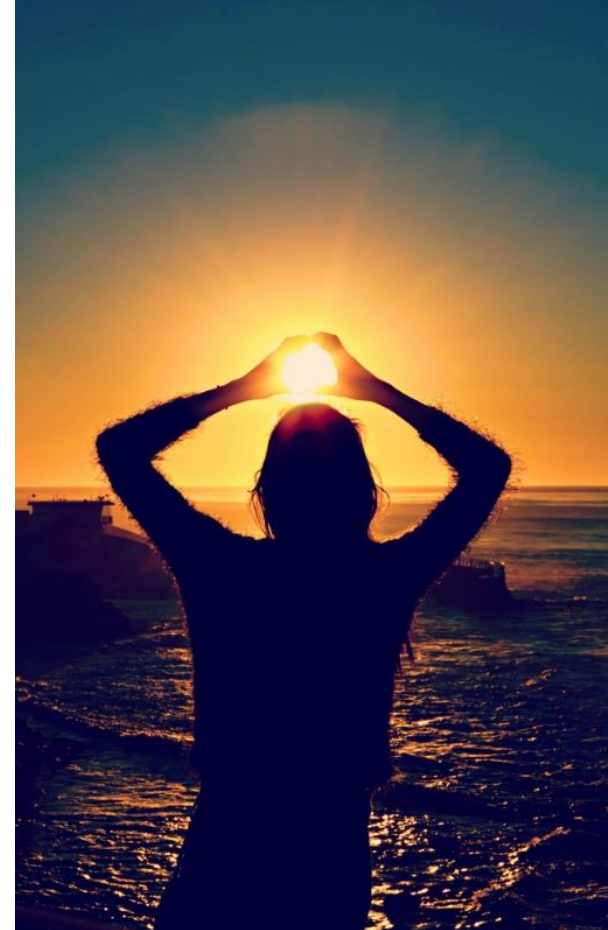

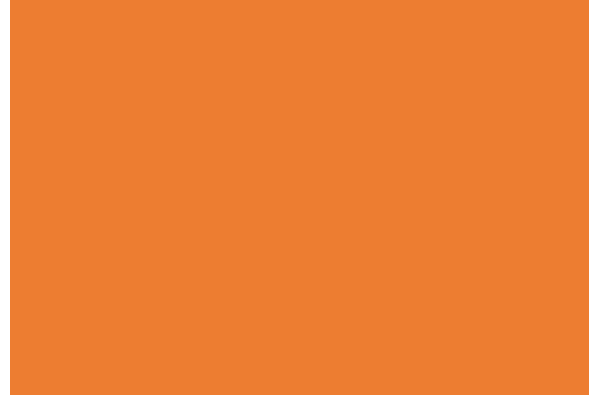

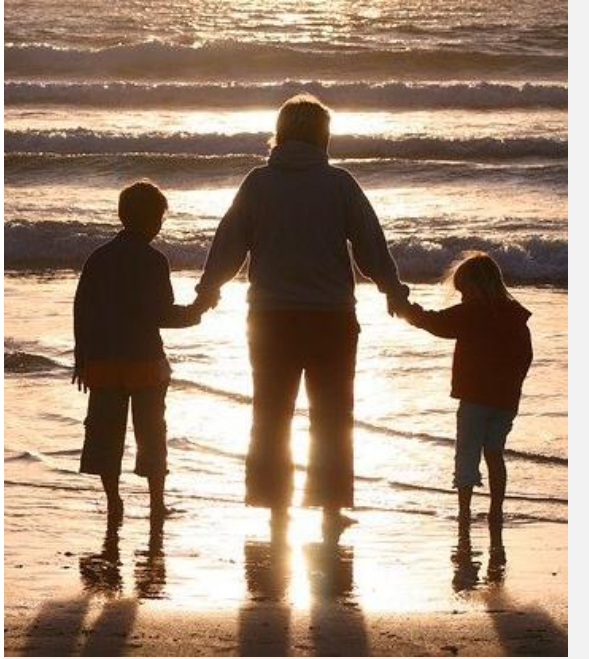

Is PACES for preventing addiction or helping people recover?

PACES for Parents can help with both situations, but its unique value is to help parents become more proactive to prevent the situation with their kids from getting worse. The substance abuse journey moves through the stages of temptations and risks, unmet needs and issues, early use, repeated use, abuse, addiction, and relapse. Wherever your son or daughter is on that journey, PACES will help you take the steps to help prevent or slow down their downward spiral from getting worse.

How is your parenting material different from others?

We specialize in a simple approach that is uniquely focused on preventing addiction by providing practical, proven resources that integrate emotional, spiritual, and personal principles. Research of world-class parenting principles is simplified into how-to steps anyone can take without wasting hours sorting through the clutter of information on the internet. We use a vulnerable and transparent approach focused on grace rather than shame to help kids remain safe, healthy, and happy.
